

PRIVATE TESTING

Note:

Our Stanford Achievement Tests are conducted in a group setting. Parents also have the option to have their student take this test privately. In some cases, private testing is required (see below).

By Certified Teacher:

Parents who choose a certified teacher to test their student will need to provide the teacher's name, address, phone number, and certification number, and appropriate fees before the test is released. These tests are sent directly to the certified teacher.

By Victory Academy:

You may also choose to have Victory Academy administer the Stanford Achievement Test to your student. You will need to contact the school office for more information (additional fees are applicable).

Testing Coordinators:

All our testing coordinators volunteer their time and energy to make sure our students have the best test sites. Training seminars for our coordinators are held in order to better serve our members during these achievement tests.

GED:

Students enrolled with Victory Academy while preparing for the GED are not required to test (Students need to be enrolled for at least 6 months before the school will sign any GED release forms).

HIGH SCHOOL TESTING

Policies:

Testing requirements are regulated by the Victory Academy School Board and the Tennessee Association of Church Related Schools. These requirements include (but are not limited to) the following:

Graduation:

In order for senior students to be eligible for graduation, the following requirements are applicable:

- Stanford Achievement Test results (for the last two years before graduation) need to meet a minimum percentile score of "average".

If the student does not meet this score, an additional ACT test will be required.

- In those cases where 11th grade students qualify for graduation and desire to graduate at the end of their junior year, an ACT test with a minimum score of 24 will be required (in addition to the school's scheduled junior year Stanford Test).

Note: Taking an ACT test does not exempt students from participating in their assigned Stanford Achievement Test with Victory Academy.

- Students who enroll at Victory Academy for the senior year only are required to sign up for an ACT test at the time of enrollment (to be taken during the first semester of the school year).

Note: The ACT is administered by the ACT office, not by Victory Academy.

Diplomas:

High School diplomas, for those students who have earned all the requirements, are issued at three different times during the school year:

First, students who participate in our end-of-school-year graduation ceremony receive their diplomas during this event (usually the first week of June).

Secondly, diplomas for students who complete their requirements during the first semester, but choose not to participate in our graduation ceremony, are issued between January 15th and January 30th.

Valid requests for diplomas during any other time of the school year will incur a processing fee of \$30.
