Post Office Box 478
Springfield, TN 37172

Be certain you make copies for your own records.
- When changing schools, be sure to give written notice to previous school that you are withdrawing your child (even if the change is during the summer). Indicate that you are changing to a church-related school.**
- Begin teaching at home!**

The State of Tennessee requires 180 educational days per year, with 4 hours of instruction of a full school day. However, this does not have to be an undivided block of formal, structured instruction time.
- Keep DAILY records to substantiate your efforts.**

These records could include insights, inspirations, subject, pages, time, field trips, special classes, ideas for future studies, etc. There are many excellent resources for forms to make journaling and record keeping much easier on the internet. Remember, the goal of home education is not completing paperwork but educating and training a child.

We will begin processing applications for the new academic year in June. We encourage you to complete registration early (between June and August 1) so that we can better serve you. You should expect confirmation of enrollment within four weeks of our receipt of your completed application. If you do not receive confirmation, please call our office.

We are here to serve you in excellence. If you have any questions or concerns, please call us.

Homeschool Reporting Online

Automating Your Record Keeping Needs

Victory Academy has joined Homeschool Reporting Online! This brief summary should explain the benefits of online reporting. The cost to you is \$10.00 per year PER FAMILY! This can be paid with your registration for the 2007-2008 school year or if you are ready to sign up now and get a head start you may contact the office.

Homeschool Reporting Online is operated and maintained by a homeschooling family. The father is a Manager of Information Systems and has several years of experience in creating and maintaining database driven web sites.

The vision to create **Homeschool Reporting Online** came from the need for families to maintain critical records for their children and to efficiently and accurately report those records to their school or organization. Record keeping can be one of the most tedious tasks to the homeschooling family. We are committed to making it easy and enjoyable.

Parents...

- Are you tired of trying to "round up" all your records on reporting day?
- Can't remember where you put your records last week?
- Want record keeping flexibility (classical, eclectic, portfolio, etc.)?
- Tired of having to manually compute hours or days spent?
- Can't remember what textbook you used last year?
- Want to be able to generate a transcript for your student at any time?
- Want an easy way to track daily attendance?
- Want a place to create, store and print lesson plans?

[Frequently Asked Questions](#)

Why should I keep records at all?

Most states have some form of record keeping requirements. The Homeschool Legal Defense Association (HSLDA) maintains [detailed information](#) regarding your state. Since state law is subject to change, it is wise to maintain school records regardless of current requirements. Due diligence is prudent!
